REPORTS

Chair: Nothing new to report.

Co-Chair: *...more will be revealed...*

Treasurer:

Unfortunately I am sick and will not be able to attend tonight's meeting. Joél reached out to me to see if I can transfer over the \$750 seed money from the host 11 account to the next account. I wanted to talk with everyone before I responded. Doesn't that just stay in the account and then host 11 acct becomes host 13s account?

Below is the host 11 statement from September as well as the balance for the following accounts:

Host 11 \$20721
Host 12 \$2750.12
Advisory \$5496.74

They have purchased their lanyards, earplugs, markers, and insurance since last meeting. Please let me know if you have any questions!

Highlights from 10/20 meeting:

- A “motion that if this person is a hypnotist or medium, we do not allow them to come perform at ESCYPAA 11; with the caveat that if new information is brought to us we can re-evaluate this decision” Failed
- Passed a motion to accept the new budget

Notes:

- HOST came down and did Outreach at Westchester Share-A-Day this past Saturday and sold almost all the shirts they brought. I bought a shirt from them and IT IS AMAZING! It's Halloween themed and they went like hotcakes. Not sure about pre-reg's but we did make an announcement at the Main Theme Meeting and told them about buying scholarships too.

BUSINESS:

Zach asks Melissa to have SYRYPAA send us what they have so far, as far as their Bid Book. Melissa will send the Google Drive Folder to Danielle to add to our own Google Drive Folder. We will go over it at the next meeting.

Discussion on the advisory itinerary for the convention weekend. Erin, Danielle, and Jeremy will be responsible for HOST elections on Friday afternoon. Zach will come at 5:30pm.

Danielle suggests we don't have any meetings Saturday night after the meeting and location announcement because it's always chaos. Instead, we will meet Sunday morning. Agreements around the zoom room.

Zach will have the tentative itinerary for us next week.
